How to Throw Birthday Parties Kids Will Love!

Birthday Parties for Kids! is filled with creative suggestions for unique home-made celebrations! This book reveals quick, easy, and inexpensive ideas that show adults how to customize a party for the birthday child, involve the child in the planning process, and make sure kids have a fabulous, memorable time. About the Author Penny Warner is America's foremost party expert. She is author of thirteen party books with more than a half-million copies in print. She lives in Danville, California.

This is a great book, for kids to have their Birthday Parties. Kids love Parties and so this should be a very helpful book in planning Parties.

This book was a fabulous book, I was looking for some ideas for an upcoming birthday and have been inspired!! This book has the basics of how to plan a great party, invitations, games, food, favors, it has it all. Outstanding!!!

There are so many party books available, and I have quite a few. This is my least favorite of the ones I've seen or own. It's very confusing and has to refer to the other chapters too many times.

This book lacked things like putting the page number so can quickly find the party theme. So you page through until you find it. Once I got there it had the basic things you or I would come up with. Then they go on to say invitations, decorations, games, activities, food and favors but again then you have to search in other places to find each topic. No pictures! However once you get to Invites there are 8 different ideas. Same goes for decorations, games, activities, food and favors. Within each section there are some really cute ideas, recipes on how-to. Over all the book is helpful and cute ideas and themes, just not put together well.
