Boring. I plugged on through. Good look at what a hoax we perpetrated in the management of black labor working the canal and got away with it !!! Eye opener. A must read if you live in Panama. Not easy but definitely informative. I upped the star rating because this book is an important one for the awareness of the horrible mis-treatment of American citizens by American citizens.

The title says it all. A landmark book that opened this field of Panamanian history about the builders of the canal.
