Vienna: By Locals - A Vienna Travel Guide Written By A Viennese: The Best Travel Tips About Where To Go And What To See In Vienna, Austria (Vienna, Vienna ... Autria Travel Guide, Austria Travel)

Synopsis

Tired of the typical boring guides? This guide tries to do the same as the Ã¢ ¯“ask a localÃ¢ ¯•, but it is (maybe!) better organized and more complete. In all our guides, we hire a Ã¢ ¯“localÃ¢ ¯• writer, and then we edit to be sure that the guide is complete, unique, fun and interesting. Typically we wonÃ¢ ¯â„¢t add maps or photos (just a few), since you can have all that on the internet, and we like to give you only unique and original content that you wonÃ¢ ¯â„¢t find easily. Here is a brief description of the guide: Top Reasons Why You Should Visit Vienna Best Travel Tips From A Local (DoÃ¢ ¯â„¢s and DontÃ¢ ¯â„¢s, Warnings And Advices) Vienna On A Budget Vienna Travel Basics ViennaÃ¢ ¯â„¢s Public Transportation System Best Restaurants And Hotels In Vienna Cultural Opportunities In Vienna Shopping Opportunities In Vienna Instead of ConclusionÃ¢ ¯ A portray Of Vienna Download Today! Customer Reviews

My husband purchased 'Prague By Locals: . . . , ' and it was a truly *amazing* reference. That's why I purchased "Vienna By Locals: . . . ". Huge mistake. The first paragraph of the first chapter says, "If this is the first time you are visiting Vienna, you need to do all of the touristy stuff"

Really? Because if I wanted to do all of the touristy stuff I wouldn't have purchased this book - any of the major tourist books would have surpassed the helpfulness of this particular book. A significant portion of it recommends exploring Vienna "with your heart," (because it will be an amazing experience) without actually giving actionable recommendations. Strong on flowery prose yet short on suggestions which are not obvious (such as the fact that you will need a passport to enter the country). Will be returning my Kindle version for a refund.

Poorly written, with more filler than substance. I would venture to guess that English is not the author's first language. However, the booklet did provide useful information about the transportation system, shopping, and restaurants. Could have been written in half the words, though.

I've always wanted to go to Vienna but always how I would find out the best places to go. With this book you have the best coffee houses restaurants etc... if I ever get to go I will take this book along.

This is a fine little guide by a local that tells you everything you need to know to start planning a vacation to Vienna. The guide will tell you where to eat and drink, where to go for cultural events and even a guide to the public transportation system so you can get from place to place. I liked the chapter on visiting Vienna on a budget. There are some good money saving tips in there for the frugal traveler.

A very helpful nook listing what's best about Vienna from the locals perspective. I have traveled to Vienna many times but this book provided fresh and very helpful suggestions and off the beaten path ideas to enhance your visit to this incredible city!

Don't bother. Lots of hyperbole but little content. Not a travel guide. No useful information. What a waste! Poorly written.

Great book for anyone planning to visit Vienna, especially if it is your first time. The author gives specific recommendations for restaurants and hotels (along with other businesses and attractions) and explains how to enjoy it all on a budget. Could save you quite a bit of time and money, so it's definitely worth checking out.

I'm visiting Vienna in two months and to be honest I liked the book, specially the fact that everything

is listed with telephone numbers, official websites and addresses. Definitely this is the kind of guide that some of us - as tourists - would love to have for each city. But I understand why some people doesn't like it, usually travel guides are more about pictures and quotes - this book is mostly text, and in some pages abuses a lot of it - the good thing is that even if it's long to read, it's very complete and interesting. Yet I would add more photos specially with maps.
