Broken Trust (Mission League)

Synopsis

In the midst of training for the outdoor survival trip to Alaska, Spencer is distracted by a mysterious young woman--Nick's new girlfriend. He's not just wondering how someone that gorgeous would waste her time on a jerk like Nick, he recognizes this girl from her bit part in one of the cultish Jolt movies he's been investigating. She's up to something, and Spencer is determined to find out what. As he gets closer to the truth, it becomes harder to know who to trust. Things are getting dangerous. Can Spencer figure out what's going on, or will this mystery leave him M.I.A?

Customer Reviews

Oh how I have missed Spencer Garmond! Williamson writes the absolute best teenage male povs. My thoughts:What I liked:Spencer. I love reading from his point of view. In this volume of Spencer's life, he's dealing with his torn ACL, he's just got saved, and Grace is back. While I will readily admit that Grace is not my favorite person, the way Spencer is when he's with Grace is so typical teen male that all of his reactions to her fit.The friends. Spencer's friends are such a dynamic group of people. Spencer has a strong personality and engages with a lot of people. However, none of these secondary characters come across as cookie-cutter. I felt like I knew each person and how they would react to different situations.The humor. The book manages to deal with serious topics and still have loads of humor.The mission. One of Spencer's missions is to survive in the Alaskan woods. The classes he takes and his preparation is so realistic, I felt like I learned a thing or two about surviving.What I didn't like:I wanted more! I have so many questions and most of them were not

answered in this book. Romantic scale: 5 (this is not really a romance) Overall, so enjoyed this book! I wasn't ready for it to be over and I kind of want a grown-up Spencer Garmond book one day!*I received a copy from the author. My opinion was not affected in anyway.**

Spencer is back and better than ever! I was super excited when I saw that Broken Trust was finally here. Got the Kindle version (because I didn't want to have to wait for the paperback to arrive) and managed to read it in about a day and a half, in and around a crazy work schedule. Yep, that's how good it was. Broken Trust was another great installment in the Mission League series, full of the same wonderful intrigue, adventure, crazy escapades, and Spencer's impossible ability to get himself into the worst sort of scrapes. It was awesome. Spencer's voice is what makes the book truly shine. Completely readable and believable for a teenage guy. Definitely recommend this book and the rest of the Mission League series. Totally worth the read!

I read the book in less than a day; I just could not put it down. I love the fact that Spencer is finally beginning to get it, and become the man of God he is called to be. I won't go into detail about the plot, but if you have read the other books of this series, you won't be disappointed. I eagerly look forward to the next and perhaps the final book in the series.

This is my favorite so far. I love the relationship between Spencer and Grace and how it turned out. Because of his experiences in the past, Spencer is ready to take a break from trying to find a girlfriend. And in fact he actually decides he likes Grace so much as a friend that he doesn't want to mess that up. I think that's really relatable and a big step up in learning how to make meaningful connections with girls.

It's finally here! Grab this if you are a fan of the Mission League books. You will not be disappointed by the second-to-last installment. (Who else can't wait for the final one?)

A lot of loose ends of the series *start* getting tied up in this book, but there are still plenty to be resolved. There are lots of plot twists to keep you reading! The author does a great job of getting inside the mind of a teenage male :-)

Fantastic series! Really can't wait to read the next book in the installment. Trying to get the minimum word count they require.

We love all of Jill Williamson's books
