Shocking Wrestling Plans You Won't Believe Almost Happened

Synopsis

Featuring a foreword by wrestling legend Jim Cornette, and exclusive stories from former WWE writers. What if The Undertaker had hatched out of a giant egg? What if Daniel Bryan hadn't got his WrestleMania XXX push? What if 'Stone Cold' Steve Austin had been named Chilly McFreeze? All of this nearly happened. Over the course of wrestling history there have been many bad gimmicks, baffling angles, and confusing storylines that have left fans scratching their heads, wondering how they made it through the company's quality filter. We know all about those, we have been unfortunate enough to suffer through them. But what about those plans that never got off the drawing board? What of those ideas that remained unpopped kernels in the minds of the creative team? How different could the landscape of modern professional wrestling be had some of these shocking plans actually made it onto our screens? WhatCulture.com takes a journey behind the scenes to explore a whole host of what ifs, what might have beens, and what almost was. We look at proposed matches that never were, characters that could have been very different to what they became, booking plans that were changed at the last minute, promotional jumps that nearly happened, and backstage shenanigans that would have changed the business. The book also has a feature delving deep into the psyche of Vince McMahon penned by Attitude Era writer Vince Russo, and insight from former WWE Creative Team members George J. Rutherford and Dan Madigan. Join us as we take you on a journey into a world of Shocking Wrestling Plans You Won't Believe Almost Happened!

Customer Reviews

This book was very good! A lot of interesting topics I never knew about. One complaint is there were quite a few grammar mistakes, but overall, very good content!

Love what if books. This is more why might have been. A quick interesting read! With some good incites into the thinking in Titian tower!!?

Although I enjoyed the trip down memory lane of dropped storylines and outlandish gimmick pitches, I do hope that the writers over at Whatculture.com go back and revise this book for the digital edition. There were a *lot* of typographical errors here, far more than I was expecting.

Really interesting read. I am a long time wrestling fan and truly loved getting another prospective on everything. I'd recommend this book to new and old fans alike. It's well worth the price.

The book fulfills everything you expected when you bought it. Plenty of interesting nuggets that gets your imagination churning. I wish there were more books like this.

This is an easy and entertaining read. However, I came very close to giving a 2-star rating because of the excessive number of careless typos and mistakes.

Really good read. It was entertaining and had a good time reading it. Had some good laughs reading about the silly ideas suggested.

I am a humongous wrestling fan but I find these mini stories in the book just okay.
