I applied a few of the suggestions in this book and my son's ADD has improved...in less than 10 days! It is truly amazing and his medical doctor has not shared any of this with us. I am bringing my doctor this book and then I am asking him to decrease his medication. Taking out sugar made the biggest difference but learning about all the foods that can cause his symptoms to get worse has helped as well. I am going to share with other families! Thank you Dr. Beurkens!!
