Customer Reviews

My 8 year old loves cats and she is already picking up some mad skills from this book. I don't think it is intended for children but it is simple enough that she is using it and it is really helping her develop her talent!

I have several Jasmina Susak instruction books. She breaks down the drawing process very nicely. She's a good instructor.

This book, How to draw cat's face is a very easy, simplistic but provides what you need to start your own journey in drawing your own cat's portrait. I liked it. I think this is a good primer to get you started right away. I enjoyed it.

This pamphlet is brief, with directions that can be easily followed as you go along, step by step. The "booklet" is on my smartphone so I always have it with me; therefore I can open the booklet and practice sketching when I have a few minutes, wherever I am. I will probably buy another few of these, as they are brightly-colored and handy to have on my phone.

easy to follow.

Not using it, didn't know it was digital, my fault.

was missing pages and didn't explain very well.
