The Children's Story

Synopsis

It was a simple incident in the life of James Clavell -- a talk with his young daughter just home from school -- that inspired this chilling tale of what could happen in twenty-five quietly devastating minutes. He writes, "The Children's Story came into being that day. It was then that I really realized how vulnerable my child's mind was -- any mind, for that matter -- under controlled circumstances. Normally I write and rewrite and re-rewrite, but this story came quickly -- almost by itself. Barely three words were changed. It pleases me greatly because I kept asking the questions -- Questions like, What's the use of 'I pledge allegiance' without understanding? Like Why is it so easy to divert thoughts? Like What is freedom? and Why is so hard to explain? The Children's Story keeps asking me all sorts of questions I cannot answer. Perhaps you can -- then your child will...."

Book Information

Mass Market Paperback: 96 pages

Publisher: Dell (October 2, 1989)

Language: English

ISBN-10: 0440204682

ISBN-13: 978-0440204688

Product Dimensions: 4.2 x 0.3 x 6.9 inches

This is a WOW book that can be read in just a short few moments. Those few short moments will change the way you think about just letting anyone teach your children...our children. In any community, state or nation, the precious gift of children given to us by a loving Creator , all of us have a responsibility to protect them in a world that has gone, in many ways, ballistic. I first read this book several years ago, and distributed many copies to friends---recently, I have ordered again, and am letting others know about it. Most all of us were blessed by James Clavell's "Shogun"...(I am Japanese and Irish!)....if you were blessed by that wonderful novel...Please, please order THE CHILDREN'S STORY.

This is a chilling short story. Written in a single sitting based on an experience with his daughter. How easily a child's understand (or anyone who hasn't been trained to think) can be manipulated. How often has it happened to you?

I used this book many years ago with my seventh and eighth graders. The plot made them think critically about what they were saying when they pledge allegiance to the flag. I pulled it out again for a colleague looking for a book for her son to read.

Great book and a must read for every American....a simple tale of what happens when you don't fully understand your liberties, and how they incrementally can be taken away. About a twenty minute read but the best investment you will make....Buy it and pass it around!

Fascinating story about patriotism and nationalism.

I found this book very disturbing. Disturbing in the simplicity and the reality of it. I won't give away the story line but to say I see this a warning of what is being played out in much of the world at large. Yes the technique could be used for good but, and that's a big but, more than likely will be played out the way the author's example depicts. Political, religious, cultural paradigms are all targets for those with pliable minds are are at great risk. You see it everywhere if you just open your eyes and look. For most of us this quick read will open our eyes forever.

The mind of a child is always at risk of being taken by those who may wish us harm. The same is true for adults. We should not fear those who try to force their beliefs upon us nearly as much as those who seduce us with kind words and the promise of good things.

This is only a 30 minute read but will scare you deep in your heart to see how easy it would be brain wash your children and grandchildren. With what is going on in the world today this very easily could happen.
