## Customer Reviews

Beautiful book! I'm SO HAPPY that this was published right before my upcoming trip to Mexico City. What an amazing resource for us museum buffs. The book is a comprehensive guide to hundreds of charming museums just waiting to be visited all around the greater Mexico City metropolitan area. Each museum has about 1-3 pages dedicated to it, visiting hours, and an estimate of how long you'll want to visit. The guide is organized by Mexico City's sixteen boroughs which makes shopping around for your next discovery that much easier. :-)And more than anything else, I adore the vibrant colors all throughout this book. What a beautiful labor of love! This guide is much more up-to-date and comprehensive than anything that I've been able to find online, so I'm very glad that it came in the mail for me just in time. At \$20, it's a bargain. Buy this book, even if it's just to have on your

coffee table! You won't be disappointed.

Absolutely great book to carry with you @ Mexico DF

This book is an absolute necessity for any traveler planning to visit Mexico City more than once. Information about the most famous to the more obscure museums in and around the DF are accompanied by gorgeous external and internal photographs. The reader is provided with three separate sections at the beginning of the book, an introduction, an explanation of how the information is arranged (geographically) and a guide to reading the map. The old cliché that there is something for everyone still rings true in this painstaking labor of love undertaken by the editor? Claudia Itzkowich. The index in the back provides the ability to search for a museum based on theme, or artist. Although the work modestly claims that it is in no way exhaustive, it certainly provides an invaluable service to residents and tourists alike. One more way in which one of the premiere cities of the 21st centuries can be explored and better understood.
