Almost 12,000 value changes are recorded in Volume 1, with more than 2,600 of these changes seen in the United States and United Nations listings. In the U.S. Postage section, there are scattered changes, both up and down. There were 1,200 changes for the U.N listings, with a significant number of increases concentrated among modern issues. Customer Reviews

A must have in some edition. Scott's Stamp Catalogues are great references for understanding and dating stamps. A must have for a collector who wants to know more about their stamps.

Scott's has always been our "go to" catalogue during our years of stamp collecting. It tells you everything you need to know about your stamps.

wow!! when I was much younger I could not afford the Scott catalogue. This one was a library copy and was dirt cheap in mint condition. It is well worth the full price of about \$200 but I got it for way

less on . I win the library wins everyone wins.

Used for obvious reason - as a resource for collecting stamps

just as described - perfect for the collector

Product exactly what I expected. Packed properly. Thank you!

Great book, Dad loved it. Came faster than expected.
