Real Dirty: The Real Dirty Duet, Book 1

Synopsis

Country music's bad boy, Boone Thrasher, takes center stage in USA Today best-selling author Meghan March's brand-new stand-alone Real Dirty Duet! I have everything a guy could want - a new single burning up the charts, more money than a simple country boy could spend, and a woman I'm planning to marry. Until she doesn't show up for my proposal. The life I thought was so perfect isn't. The guy who thought he had everything doesn't. I've got my heart on lockdown, but life sends me straight into the path of a mouthy bartender who puts me in my place. Now the only place I want to put her is under me. I thought I was done with love, but maybe I'm just getting started.

Best Sellers Rank: #7 in Books > Audible Audiobooks > Fiction & Literature > Literary

Collections #44 in Books > Audible Audiobooks > Romance > Suspense #777 in Books > Romance > Romantic Suspense

Customer Reviews

Can I be Ripley so I can have Boone? Actually, I'd love to be Ripley period regardless, but holy h*ll these two...I swear sparks of every kind were flying all over the place because of these two! The heart melting sweet and panty dissolving smexy were on point and with a good dose of sass added into the mix I couldn't put this one down!! I've loved Boone since meeting him in the Dirty Billionaire trilogy. He's a big time country music star with a good old redneck heart who loves his mama and takes sh\$t from no one. He's got his feet firmly planted in both worlds, but makes his own rules. Ripley's got all kinds of moxie. This woman is tough and can hold her own with the best of them. I loved her sass, but I loved her heart even more. And then there are those sparks...flames...whatever you want to call it whenever they were in the same

vicinity. I swear it didn't matter what they were doing, the chemistry between them was nuclear. Things weren't smooth sailing for these two on any level, but I loved every second of it! As always, Ms. March's writing is spot on. The various plot lines are all well thought out and paced throughout the book. And then there are the supporting cast of characters. Some I absolutely adored, like Zane and Esteban ~ I seriously LOVE Esteban ~ and some I want to gut with a spoon, but all of them are very well written and only add depth to the story. And then there is that ending... That ending has me wishing I had some sort of voodoo magic to make Real Sexy appear on my Kindle right now, but since that isn't the case I will do my best to practice patience for the time being. ~ Copy provided by the author and voluntarily reviewed ~

I'm in love with Boone Thrasher. Book One of Meghan March's latest duet, Real Dirty, expands the Dirty Billionaire world out further to the outskirts of Nashville, where the bad boy of country music, Boone Thrasher is dealing with a tabloid-worthy celebrity break-up. We're talking failed proposals, cheating accusations, elopements, and annulments - it's kind of like a Gossip Christmas. But this attention is the opposite of what Boone wants. He wants to make his music and find a partner to share his life with. He wants someone he can be real with. Someone who will be real with him. Meet Ripley Fischer. Her life couldn't get more real if she tried. The bar she runs is hanging on by a thread. Her relationship with her father is crap. Her cousin is a drunk moocher. Her past is a can of worms. She has a rule about not dating celebrities. And inconveniently she finds herself enthralled with Boone Thrasher. As he breaks down every preconceived notion Ripley has about celebrities, Boone finds himself inspired for the first time in a long time. The more time they spend together the more they let their walls drop and what builds between them is sexy and fun and real. Honestly, I just wanted to hang out with these two characters. So as the end of this first part neared I really started to stress about what the cliffhanger could be. And you guys, all I'll say is I can't wait to see where this is going. There is a mystery and a thrill ride ahead, and thank goodness I won't have too long to wait for Real Sexy. **Real Dirty will publish on May 9, 2017. I received an advance reader copy courtesy of Meghan March in exchange for my honest review.

First off, I don't think I've read any thing by Miss March I haven't loved. She has a way of writing about these characters that make one just fall in love with them. Too many times I've read books where one of characters has hardly any redeeming qualities. Authors tend to always write the female lead as weak or immature. One thing about these duet series she's been giving us...no weak
