So much amazing information for anyone in the Direct Sales industry. Love that it is up to the minute including a section on Social Media. Great reference-style book for easy look up on topics as needed. Great for ideas for team training. Belinda hit a home run with this one!

This book has some awesome and simple ideas for getting your business up and running strong. I only wish I had known about it before I went into direct selling. I would of planned out my goals and strategies better. I am no longer in the direct selling business however I strongly recommend this book and believe it can make a difference in whether you succeed or not in the business.

Belinda Ellsworth is one of my favorite trainers in the direct sales industry. I am so glad she wrote this one! It is packed with practical, actionable things you can do to grow and run your business. This is one book that should be on every shelf of those in the direct sales industry.

All the tips and commonsense things we Direct Sellers know - but all in one spot! Easy to read - easy to jump around out of order and find what you want - and solid information.

Belinda Ellsworth always gives the best advice and has the data to back it up. Then she gives you the verbiage and the systems for how to implement her suggestions. This book is so helpful and gives you everything in one place - whether you are just starting out in direct sales or a seasoned pro! It is always great to have the basics available for your review or to share with your team!

A must read for anyone considering getting into Direct Selling. Relatable stories & obvious experience help to create a clear picture of the industry. Many insights that would normally take months to figure out if not for the info in this book.

I saw Belinda last April. She was the speaker at a conference I went to so when I saw that she was the author of Direct Selling for Dummies. It's my constant companion. Buy it. You will benefit tremendously from Belinda's wisdom.

Belinda Ellsworth, thank you so much for this. Your presentations are amazing and the book is absolutely perfect. You cover everything someone in direct sales needs to know. And, you're not boring or preachy. I hear your voice as I read the pages ;-)
