Customer Reviews

I bought this for my 4th grader which is why the tiny print doesn't bother me. That's why I gave it 4 stars, but that's also why it's so compact making it a good student size. Having the synonyms listed with each entry makes it easier for him to learn the new vocabulary words rather than just memorizing the definitions for a test.

Print is way too small and I don't have bad eyes!

Print a bit fine

Got this to gift to a friend in a 'gated community' ... who loved it!! Said it was just the thing .. had every feature a person could hope for in a compact reference of this sort!

Favored two-some and third time purchased as much-appreciated gift.

The book arrived on time and in great condition. It's the book that my sons English (AP) asked for and it has been very useful to him & will be useful during the Texas STARR test.

just what i expected for this price and not brand new...

Handy for when I watch French TV
