This is a cute book, but for older children. I bought this for a kindergarten class to reinforce the ABC's, but it was too lengthy and over their heads. I do recommend the book for it is cute, creative, and has great illustrations. But buy this for older kids or adults.

This is a great book for any Liberty University fan, student, alumni, parent, or child. The ABC adventure takes you through Liberty University in Lynchburg is very well done. I liked it.

I have purchased this book and have enjoyed reading it to my daughter during our story time. As an alumni of Liberty, it captures many of the images of LU very well and a legacy I want to pass along to my children. My daughter now recognizes Sparky and gets excited every time she sees him.

Great job penning as well as illustrating this great children's book.
