# Geometry, Student Edition (MERRILL GEOMETRY)

## Synopsis

This text helps students gain an understanding of mathematics and improve their mathematics scores on today's high-stakes assessments.

## Book Information

Series: MERRILL GEOMETRY

Hardcover: 1248 pages

Publisher: McGraw-Hill Education; 1 edition (January 7, 2009)

Language: English

ISBN-10: 0078884845

ISBN-13: 978-0078884849

Product Dimensions: 8.9 x 1.8 x 11.2 inches

Shipping Weight: 6.2 pounds (View shipping rates and policies)

Average Customer Review: 4.8 out of 5 stars 18 customer reviews

Best Sellers Rank: #62,516 in Books (See Top 100 in Books) #16 in [Books > Teens > Education & Reference > Mathematics > Geometry](#) #22 in [Books > Textbooks > Science & Mathematics > Mathematics > Geometry](#) #51 in [Books > Science & Math > Mathematics > Geometry & Topology](#)

## Customer Reviews

McGraw-Hill authors represent the leading experts in their fields and are dedicated to improving the lives, careers, and interests of readers worldwide

It seems that this book lacks a sequenced index of postulates and theorems. If this I am mistaken, I would appreciate being directed to the relevant page. I am tutoring a student. During the summer, we worked out of a different geometry book, and, partway through, we are now transitioning to Glencoe Geometry. The lack of a sequenced index of postulates and theorems in this book makes it tedious to determine what differences might exist in what "we are allowed to know so far" in the book (it's annoying to prove theorem such-and-such when the first thought is, "well, if we were still using the other book, we would have already learned X and Y, so we could use that, but we don't know whether we are yet allowed to know X and Y in this book"). It's very time-consuming to perform a page-by-page audit.

It's awesome to have your own copy of the class text. We made notes in it, folded page corners

over. Knowing that you don't have to turn it back in at the end of the year is sooo liberating. And the school only gave us the online version, which is a hassle to use. Do yourself a favor and spring for your own textbook.

This is a great Book .

Excellent

great

GREAT PRICE! GREAT CONDITION!

As described in good condition.

book as described and arrived early!!
