Coloring Knights: Featuring The Artwork Of Celebrated Illustrator Anne Yvonne Gilbert (PicturaTM)

Synopsis

Pictura showcases a stunning range of art to collect and admire and encourages beginning to advanced artists to put their own stamp of creativity on the artwork by coloring it in. Its unique accordion foldout format makes it an attractive decorative piece that can be displayed and shared with others. Some of the world's most famous and respected illustrators set the foundation of the artwork by creating beautiful, original, and imaginative scenes. It is up to the individual to color in these spectacular settings, enhancing the scenes and adding their own personal touch. Coloring Knights features the unique art of talented and renowned artist Anne Yvonne Gilbert, whose elaborate style features realistic figure work and keen attention to details and textures. Through her intricate artwork, Anne offers the artist a scene of chivalry and romance, filled with decorative textures and patterns. On the flip side of the panel, artists can follow a guide showing the various aspects of being a knight and try their hand at drawing a knight on horseback or down on one knee. With so many details packed into an 8-panel display, Coloring Knights invites artists to engage in their creative abilities and discover a romantic world filled with chivalry.

Yvonne is an illustrator and author. She was born in Northumberland, UK, and studied at both Newcastle and Liverpool Colleges of Art. Since becoming a freelance illustrator in 1978, she has worked with many of the major publishing houses and design groups worldwide. Yvonne lives in Toronto, Canada.

This is an absolutely BEAUTIFUL and INTRICATE coloring book. It's not the traditional coloring book with something on each page and in book form, but is instead a fold out super long page. It depicts several scenes throughout this knight's life, or at least that's what it looks like to me! You don't even realize how intricate the drawings are until you start coloring them in and you notice small things like the way there's an archer's window in one of the brick walls that should be colored with blue for the sky, or the way the girl's hair is braided and thus needs to be colored with several colors of your chosen hair color-I chose yellows. This isn't nearly as intricate as the Medieval Scene book that is made by the same company, but it's still not for the faint of heart either. If you love coloring like I do, then this is the book for you. If you're just doing it recreationally and don't want anything too strenuous, then this may not be the coloring book style for you. When I have the book in front of me, I'll make sure to take and post pictures as there currently aren't any on here for this book!!

I liked it so well I am ordering another one.

This was a gift and was well-received and had been used with great enjoyment.

Shhhh - Go away! I'm coloring!

purchased as a gift, the illustration is beautiful! It will provide many happy hours of coloring for my Knight!!!

This has been very enjoyable to work on. I am enjoying the various pieces of known artwork that are combined here. A coworker also has this one and we have been discussing what to color the war horses..

The art is great and I cannot wait to start it. Will defiantly keep you busy.

A good one..... but wish it was more detailed like the Medieval Times one.
