## **Customer Reviews**

Dr. Weiss has pioneered the Past Life Regression therapy movement and I buy all of his books. This one is as fundamental and inspiring as the others.

After being married 47 years, my wife thinks we are soul mates. I think it's just because I am understanding. I've died twice and came back a smarter person. Yes, there really is an afterlife, and this earthly place is purgatory.

Brian Weiss took my fear of dying away. He is not about the dirt nap. Dr. Weiss guides the thought that we may come and go but it is our choice to work on aspects of being better by the possibility of returning to evolve ourselves as we go or have gone! Good to keep an open mind and be aware of things that may have been before. Certainly love is the great connection. His books are a good read. They elevate the human condition of being temporary and opens possibilities. His books made me appreciate this ride we call life much fuller. This book is my favorite of his. Catherine Romaine Brown Author of "The Jack Russell Terrier Courageous Companion" and "An Owner's Guide to the Happy Healthy Pet the Jack Russell Terrier" Books one and two Howell Book House

Such an amazing book! I've read it twice! I love it so much!

I love anything written by Dr. Weiss - he's so credible with advanced education and the fact that he wasn't a believer before Catherine - that's what got me hooked. After reading this book, I was so calmed by the stories. One of the girl's night out, I mentioned it to a friend and she had to read it - she's another one that couldn't put it down!!!! Onto "Messages From the Masters"!!!!

I bought the book for someone else but they seem to be enjoying it! Fast delivery, excellent price!

Amazing read!

This book is about past life regression. In the theory of reincarnation, we are destined to meet the same people over and over in our different lives. Those individuals are called "soul companions". I would like to be regressed to see if there is a life before this one.
