Quilt Restoration: A Practical Guide

Synopsis

With this book's guidance, every damaged or recovered quilt becomes an exciting challenge. Learn how to distinguish a genuine historic find from an ordinary attic specimen, how to "steal" fabric from one part of a quilt to replace another, and how Victorian Crazy Quilts can be fixed by inseting embroidered patches without perforating the fragile silk.

Customer Reviews

This is a wonderful reference book for individuals interested in repairing family quilts or researching repair techniques. The bibliography is excellent.

I was disappointed in the book as I paid \$90 + dollars. The book was not signed and was thin and did not contain all the material which I thought that it would. I will keep the book but not order any more. I noticed that the price was dropped to \$60.00 the week after I received the book. :(
