## Synopsis

Emma's mother warns her never to fall in love with a bad boy. After being kicked out of her ex-boyfriend's house in the middle of the night, she's got no other place to go. Then, she meets Cody, an aspiring rock star. He's brooding and wild with a hot temper. But he's also kind, insanely handsome, and has a heart of gold even if he doesn't realize it. Cody may be damaged with a secret dark past he won't discuss, but he also makes Emma laugh when she wants to cry. He loves her when she feels unlovable and defends her when her world falls apart. They say they'll never last, but they don't know Cody and Emma. **SING TO ME** will make you cry, laugh, and stand up and cheer. It's heartbreaking, inspirational and deeply and truly romantic.

## Customer Reviews

How do you say goodbye to the love of your life? As Emma lays in a hospital bed, brain-dead, and

only being kept alive by machines, her husband refuses to give up hope. Although being advised to pull the plug, Cody can't live without Emma. Cody's life hasn't been easy. Growing up with dysfunctional parents, the one constant in his life has always been music. But when he meets Emma, his priorities change. Emma is unlike any girl he's ever known. She's not only beautiful, she's witty, smart, and demands respect. Although they face hard times, through it all their love is strong. When tragedy strikes, Cody faces losing it all. The love of his life and the opportunity for his band to open for the Rolling Stones and potentially skyrocket their career. *Sing To Me* is a powerful story about love, dreams, and overcoming struggles. With a cast of relatable characters and a story that is so emotional, you won't be able to put the book down until you reach the last page, this book is an absolute must read.

A simply wonderful little love story that kept my heart engaged throughout. Cody and Emma, seemingly different in most every way, but two souls that fit perfectly in an imperfect world. Struggling to make their way in the world, falling hard for one another and being the bright light that keeps them going. With every true love there are hard times and misunderstandings and despair. And this book has it all. A journey that had more bumps than most could handle, yet the absolute adoration and longing Emma and Cody have for each other would certainly see them through. And just for the chance to hear him sing for her, it was most certainly worth the ride. A great read for a lazy afternoon and well worth your time. A solid 4 stars.

If you're a fan of Nicholas Sparks you need to read this! The tension is incredible throughout the book as the characters face separation, poverty, death, misunderstandings and family pressure. Trying to maintain a music career and begin one in fashion only adds to the stress this couple face as they build a life together. Since the love they have for each other is strong, they have a fighting chance of making a life together, and start the family they both so desperately want.

You will need a big box of tissues handy for this one!! The writer takes you on an emotional journey with these characters and you better be ready to laugh, cry, hope and pray!

I recommend this book to everyone who believes true love is worth fighting for. This book will leave you on a roller coaster of emotions. I laughed, cried and hoped and prayed and cried again. You can't help to fall in love with Cody and Emma. Trust me when I say this book will not disappoint. Jeff

really knows how to grab you with his writing. I'm so looking forward to reading more from him.

This was a quick beautiful story. It was a journey of emotions of two young adults struggling while learning what true love is. I loved Emma's spirit and humor. She was confident and full of so much confidence. Emma and Cody were so cute together. Their banter was funny and sweet. Love isn't always perfect. There are struggles. But never any regrets. It was well written and just a beautiful love story. I look forward to more from this new author.

Love, loved, loved this book! A quick read but it explored the characters enough so that I felt that I knew them. I hope for more books like this from the author!

Thank you for this amazing story! I began to read it by Jaime Vendera's advice, and it's really exciting to read!
