Great gift for my boyfriend who is addicted to both football and cooking shows :)

Cute idea you get each pro team represent a main dish, a side, and a drink. I only gave it 3 stars because there is a lot of similar recipes. Almost all drinks are sweet. Not bad though and, a great quality product.

From start to finish, this recipe book provides drinks and foods not just for the football fan, but any fan of just GREAT food. Even better; it is great to learn about the history of dishes and why they have been chosen for certain teams. The pictures inside make me want to replicate each meal and have my stomach rumbling. Awesome, plain and simple.

This is a great collection of regional recipes. While being a football fan certainly helps, this book is excellent for any cook who wants to sample recipes from around the country. And unlike so many cookbooks, you get a cocktail recipe that accompanies everything you'll cook. Eat, drink and be merry!

Fabulous idea for football fans! I haven't been disappointed in any of the recipes I've tried. Great mixture of food and drinks.

I bought this book as soon as it came out! I've only made a few of the recipes so far, but the concept is great, and some wonderful photography in the book as well. I recommend this to any foodie, football fan or not!!!

A great idea for anyone, not just football fans. An interesting way for people to explore different types of food from all over the country

This is the ultimate sports cookbook. This has everything from tailgating appetizers to full blown meals. Don't go to any stadium without it.
