## Customer Reviews

I gave this book 2 out of five stars because it is informational. But the problem I found when looking at restaurants and places to stay that were in my area of the state I found many things were not right, such as spellings of names of restaurants. Also, she listed one place as only a restaurant and it is also a place to go for a weekend get away that is very neat. I only wonder about the rest of the information. It is fun to look at but I wouldn't use it as a guide when I travel to any of the places, lord knows I would probably be trying to get some place that did not exist as she had spelled it and look like a completely "dumb" tourist.
