Customer Reviews

This book is in the middle. Some pretty basic stuff but not enough detail I would say, color pictures would have helped. I would recommend looking into lessons on youtube. You can find everything you need, check out the channel called BanjoBen.

A gift. Is being read and proving useful. At the moment it is really an introduction to the banjo world. We'll see how the playing turns out, one day.

Well written and easy to understand. Bill Evans is a great teacher.

Very helpful for a beginner like me

It is slow learning but practice every day for at least 20 minutes and I can see the improvement.

Banjo Book is ok for persons starting out

My grandson seems to like it, it was his first banjo book.

Doesnt cover as much as I would have liked, basic note fingerings... Still helpful..
