Customer Reviews

* "Kalman's fond and bittersweet account of our lanky 16th president evokes both a schoolgirl crush and a Yankee's steely, sorrowful perspective on the price of freedom. . . . Rather than pen a textbook profile, Kalman portrays heartfelt admiration through poignant imagery." *— Publishers Weekly*, starred review "Profusion of bright gouache illustrations that are as colorful as springtime in Arles. . . . Encourages historical examination." *— The Horn Book* "Appealingly childlike. . . . Kalman's artwork is the main attraction here, with appealing naive illustrations done in gouache. Each page offers visual treats in a Matisse-like palette." *— Kirkus Reviews* "Remarkable. . . . Questions that echo a child's curiosity. . . . This

impressionistic biography is one that adults will want to share with children, and that children will pore over."•Library Media Connection"Embellished with circular, childlike wonderings. . . . Powerful emotional impact."•Booklist

I read this book to my 3rd Grade class. They all loved the book and some even asked me to read it again later in the week. They loved the illustrations. A great read around President's Day.

Great book

Fabulous book...my second graders were enthralled by it!

I bought this book as a quick introduction to Abraham Lincoln in regards to him being considered an honest person. At the time we were looking at the character quality of honesty and truthfulness and to be honest, reading over this book the first time, I was underwhelmed, however, my kids, especially Landen, 5, enjoyed it quite a bit. They read it several times, taking it with them to read before bed, Landen asked to keep it in his room, and even at over a year later, the kids still pick it up often. After reading it several times myself, I would say it is a great introduction book and highlights some interesting facts about Lincoln that kids seem to enjoy.
